What to expect during construction work

The City's contractor, Sydney Civil will take steps to minimise potential impacts. However, there will be machinery noise, temporary restrictions to vehicle parking and temporary alternative pedestrian access.

We will also erect temporary fencing and install water-filled barriers to create a safe working area for our construction team and the community.

In the event of wet weather or other delays, work will commence the following day. If unsuitable weather or other delays continues, we will notify of the change in scheduling. Please subscribe to receive email updates.

There will be a temporary relocation of the Campbell Street (southbound) bus stop and temporary parking removal to facilitate the bus stop relocation. The bus stop will be approximately 40 metres south of the current bus stop. For more details about bus services please visit **transportnsw.info**
