

9 June 2023

REF: GNSP-1785-LTR-001

**Extending the George Street pedestrian boulevard
Upcoming construction work in your area**

The City of Sydney together with the NSW Government is extending the pedestrian boulevard on George Street from Hunter Street to Essex Street.

We will soon start work on behalf of the City of Sydney to extend the closure of George Street to vehicles between Bridge Street and Essex Street.

Read more about the traffic changes required to close the street, and plans to add colour and seating to the space to support businesses at: [cityofsydney/bridge-essex-closure](https://cityofsydney.nsw.gov.au/bridge-essex-closure)

Work location: Essex Street (between George Street and Gloucester Street)
Harrington Street (between Grosvenor Street and Essex Street)

Types of work: Resurfacing and re-linemarking Essex Street
Parking zone changes, linemarking changes on Harrington Street

Night work dates: **Monday 19 June – Harrington Street**
Wednesday 21 June and Thursday 22 June – Essex Street

Duration: Three night shifts, weather permitting

Working hours: Works will take place from **8pm to 5am**.

What to expect during construction work

We will take steps to minimise potential impacts during construction works. However, there will be machinery noise, temporary restrictions to vehicle parking, temporary closures/detours and temporary alternative pedestrian access. Please follow the direction of signage and traffic controllers.

Access to all businesses will remain open with footpath access during the construction works.

Sydney Civil will communicate with impacted properties in advance regarding temporary driveway access changes.

In the event of wet weather, unexpected ground conditions or other delays, work will commence the following day. If a delay continues, we will notify of the change in scheduling. Please register to receive email and SMS updates.

Contact us

If you have any questions or would like more information, please contact Deborah or Courtney from our Community team:
