## Improving Crown Street, Surry Hills Upcoming work in your street

We're ready to start works to upgrade Crown Street (east) between Clifton Reserve and Albion Street, Surry Hills.

Our upgrade will make Crown Street greener, help increase passing trade for local businesses and make it easier for people to walk and ride. We will install upgraded footpaths, new garden beds, alfresco dining spaces, new lighting, around 40 more trees and 10 new parking spaces. Learn more about the upgrade online at [cityofsydney/crown-st](https://cityofsydney.nsw.gov.au/cityofsydney/crown-st)

### What to expect during construction work

The City's contractor, Sydney Civil will take steps to minimise potential impacts. However, there will be machinery noise, temporary restrictions to vehicle parking and temporary alternative pedestrian access.

We will also erect temporary fencing and install water-filled barriers to create a safe working area for our construction team and the community.

In the event of wet weather or other delays, work will commence the following day. If unsuitable weather or other delays continues, we will notify of the change in scheduling. Please subscribe to receive email updates.

Sydney Civil will also provide temporary site amenities for our workers nearby. The site amenities will operate from **7am to 6pm Monday to Friday** and **7am to 4pm on Saturdays**. We will notify local residents and businesses if we need to work outside these times to support any required night works.

### Clifton Reserve temporary closure and Jesmond Street partial closure

Access to properties will be restricted during our work. Your co-operation in making alternative arrangements where possible will assist us in a swift return to normal conditions. We encourage residents to contact the project team should a temporary parking permit be required.

Traffic controllers will be operating during working hours above to assist access including bin collection. The closure of the lane will be continuous to allow construction to take place to progress work.

### **Temporary bus stop relocations**

There will be temporary relocations of Crown Street (southbound) bus stop near Albion Street and temporary parking removal near Clifton Reserve to facilitate the bus stop relocation. The bus stop will be shifted approximately 40 metres of the current bus stop to minimise disruptions to passengers. For more details about bus services please visit **transportnsw.info**
