What to expect during construction work

The City's contractor, Sydney Civil will take steps to minimise potential impacts. However, there will be machinery noise, temporary restrictions to vehicle parking and temporary alternative pedestrian access.

We will also erect temporary fencing and install water-filled barriers to create a safe working area for our construction team and the community.

In the event of wet weather or other delays, work will commence the following day. If unsuitable weather or other delays continues, we will notify of the change in scheduling. Please subscribe to receive email updates.

Sydney Civil will also provide temporary site amenities for our workers nearby. The site amenities will operate from **7am to 6pm Monday to Friday** and **7am to 4pm on Saturdays**. We will notify local residents and businesses if we need to work outside these times to support any required night works.

556 to 558 Crown Street - Driveway temporary closure from Monday 29 April

Access to properties for vehicles will be restricted during our work for up to 14 days from Monday 29 April. Your co-operation in making alternative arrangements where possible will assist us in a swift return to normal conditions. We encourage residents of 556 to 558 Crown Street to **contact the project team before Sunday 21 April** to arrange a temporary parking permit with your details and vehicle registration number.

Traffic controllers will be operating during working hours above to assist access including bin collection. The temporary closure of laneways and driveways will be continuous to allow construction work to take place safely.
